

Created Opposition Will Be Blamed – But They Are The Ones Doing The Attacking!

“I will tolerate no opposition!”- Adolph Hitler

The propagandists are telling us today through a headline from CNN: “Act of Terror; Bombs sent to CNN, Clintons, Obamas, Holder, and others such as Maxine Waters and John Brennan” (1 Kings 13:33).

“Act of terror?” Really?

Americans, how many Muslim crimes have been committed against the people in this country since 9/11 and yet, when they are found out for their crimes, they are then labeled by the CIA-controlled media “allegations,” “workplace violence,” or “domestic abuse,” etc.? Of course, the media is doing their absolute best to avoid the use of the word “terror” until it is convenient in naming their political opponents “Terrorists.”

Remember, “terror” is defined in the original Oxford English Dictionary as “Government by intimidation.”

In response to these headlines, point-man Donald Trump takes the stage and says, “No resources will be spared! The full weight of our government is being deployed to conduct this investigation. We will spare no expense in this effort.”

You would have thought that these were the first initiatives of Donald Trump right after his presidential victory concerning his intentions to prosecute these same people for their acts of terror towards the American people. Boy, was I wrong!

Friends, consider the source concerning each and every one of these said criminals that allegedly had a package sent to their locations. Every one of them is guilty of dismantling our republican form of government in an attempt to destroy the America that we all know (John 10:10), and that by any means necessary (Matthew 7:16; 2 Corinthians 11:14-15). In their words, it is about the revolution.

George Soros, the Clintons, et al.: no prosecution

Look at the international criminal [George Soros and the organizations that he is funding](#), which runs in clear contrast to our form of government.

And don't forget the Clintons and their crimes towards "We the people," which include drug dealing, treason (Russia and China), murder, etc. (Article 3, Section 3, US Constitution).

Also, remember Barack Hussein Obama (Luke 22:48), who transgressed the United States Constitution over [1,180 times](#).

What of the crimes of former Attorney General Eric Holder he committed during his tenure as Attorney General such as "Fast and Furious," foreign terrorists have rights, no investigation into the Department of Defense and child pornography, etc.

You would have thought that is where President Donald Trump's efforts were going to be made when he stated, "No resources will be spared!" and that "the full weight of our government is being deployed to conduct this investigation. We will spare no expense in this effort."

Apparently not.

Created opposition and the false-flag pattern

Also, consider that the false flags that have been laid at this government's feet when it comes to these types of allegations, how many times has the FBI and the CIA been found playing part in the crimes of which another has been accused? This will, in short, be reported and laid at the feet of their created opposition, namely, the "right wingers," Christians, conservatives, and patriots.

Shortly after, it will be found to be a "false flag," or a "hoax!" Then, it will fade to black only to be forgotten until they again need to remind the people in this country that they are the victims of those who tell the truth and expose them for who they are and for what it is that they are responsible (Luke 12:2).

This is an all-out attempt to further strengthen themselves against created opposition by playing the victims of a crime for which they are responsible. This is the fruit of a totalitarian system. Just think, all of this occurs just 2 weeks before the midterm elections. Pretty telling, is it not?

Ignoring or destroying evidence

It is interesting to take note that you did not get a response like this from Donald Trump when it came to the [compound that was discovered in New Mexico](#), where the two heavily armed Muslims were [training 13 young boys to commit jihad in public schools and toward our law enforcement agencies](#), did you? Sure didn't! [Once it was discovered](#), what the American people

did get was the FBI going in and destroying all the evidence.

Personally, I remember the constant media harassment, the bomb threats to my ministry and street teams, the pictures of my house and my address being put up online by the minuscule homosexual lobby that endangered my family, death threats week after week, month after month, year after year and yet, when the FBI was called into action to apprehend the perpetrators, we saw nothing but inaction.

However, the president said that it is his "highest priority" for the FBI to engage, that is, when it comes to protecting and covering for themselves.

Learning from history

What many of the enemies of righteousness (Acts 13:10) seem to forget is that in this day and age, history is so readily available to us so that we might learn from it. It has been said that the best way to predict the future is to know your past, and in America, we do not lack the resources in having the knowledge of knowing either one of them.

P.S. The Geneva Bible has footnotes throughout out in how to deal with tyrants and their scheming ways.

What we are seeing today is nothing short of the full force of totalitarianism. These people are creating political enemies, and in this case, it's "right wingers" who expose corruption for what it is (Psalm 94:16), by first painting into the minds of the people to shut down their political opposition. Like a dictator of the past said, "I will tolerate no opposition." Well, guess how he rid himself of it? These people are attempting to put a stop to all opposition; and friends and American patriots are their stumbling blocks (1 Peter 2:8). This will also be another excuse to fortify themselves against the very people that they are to serve, but this shows who they are really serving.

Censorship

Case in point: Look at the illegal censorship by big tech companies such as Facebook, Twitter, Google, etc. They wage war against their political opposition in shutting down through censoring and shadow-banning Christians and conservative sites that oppose their puppet masters' every illegal and subversive act.

By the way, isn't this the same CIA-controlled media in America today that are suppressing the new movie "Gosnell" while protecting those who are personally sanctioning and advocating for the murder of the innocent in the womb (Proverbs 6:17; Isaiah 5:20)? Why, yes, it is!

Dictators of the past and present have taught, and are teaching (John 8:44) through their devilish examples just this: They create their enemies and turn the mob on their created enemies in order to conquer them. This all first took place by silencing their opposition and then accusing them to death, literally.

Again, these people are not under attack, they are attacking. Wake-up America (Ephesians 5:11).
