One usually defines a *predator* as an animal that naturally preys on others. Predation is a natural and accepted fact of life in the wild animal kingdom. Eat or be eaten is a matter of survival.

But one may also define a *predator* as a person or group that ruthlessly exploits others. Predation thus becomes an unacceptable fact of life in the civilized world of ordered liberty and mutuality. Here, predation is a matter of domination, not survival.

## Political predators – a new and dangerous kind

Sexual predators live in this group. Sexual assaults, including rape and childhood sexual abuse, are crimes of power, dominance, and submission. Political predators are a variation on the same theme of power. Like sexual predators, political predators commit crimes of dominance and submission against unsuspecting members of society. This is how it works.

Political predators disguise their motives. No stranger ever seduced a child with spinach. Marxist political predators have been seducing American children with leftist anti-American indoctrination in public schools since 1979 when Jimmy Carter established the Department of Education. Political predators launched their Culture War war on America with a disinformation campaign promising social justice and income equality. That campaign begins in kindergarten.

## Political predators of many colors

Barack Obama, political predator-in-chief, escalated the propaganda campaign against American children. He did it with Common Core and its anti-American leftist narrative of moral relativism, historical revisionism, and political correctness. During his seditious two terms, Obama aligned himself with the equally anti-American Islamist Muslim Brotherhood.

The longer the radical leftist Democrat party aligns itself with the antisemitic, sharia compliant, Jihadi narrative of submission, the closer the radical Democrat party platform resembles the tyranny of Islamist rhetoric and supremacist sharia law. The word *Islam*

means submission.

Islamists deny Israel's right to exist as a sovereign country. Today, the leftist Democrat party and its colluding Muslim Brotherhood Islamists in Congress deny not only Israel's right to exist. They also deny America's right to exist as a sovereign constitutional republic. The leftist/Islamist/globalist axis of political predators wants to take power in November and force America to submit to axis domination.

## Godfather of political predators – Bertrand Russell

---

Aspirations for world domination and the creation of a New World Order are nothing new. English aristocrat Lord Bertrand Russell articulated the plan for the globalist elite's New World Order in 1952. See his classic, *The Impact of Science on Society*.

WWII made obvious that no one could defeat America militarily. Our enemies did not go quietly into the night. Instead, they reconstituted themselves as social justice warriors with a plan for educational indoctrination that would subvert American culture and destroy America from within. It was Bertrand Russell who explained the value of educational propaganda in the disinformation war:

page 27-28 (Routledge Classics 2016 edition):

---

It may be hoped that in time anybody will be able to persuade anybody of anything if he can catch the patient young and is provided by the State with money and equipment.

Education should aim at destroying free will so that pupils thus schooled, will be incapable throughout the rest of their lives of thinking or acting otherwise than as their schoolmasters would have wished.... Influences of the home are obstructive; not much can be done unless indoctrination begins before the age of ten; in order to condition students, verses set to music and repeatedly intoned are very effective.... It is for a future scientist to make these maxims precise and to discover exactly how much it costs per head to make children believe that snow is black. When the technique has been perfected, every government that has been in charge of education for more than one generation will be able to control its subjects securely without the need of armies or policemen.

## Political predators use all manner of weapons

---

The leftist educational indoctrination that Jimmy Carter launched in 1979 and Barack Obama amplified, fully actuated the sinister plan of weaponizing education that Bertrand Russell described. The radical leftist Democrat war on America that begins in K-12 ends in

anarchy on the streets of America today. The political predators are exploiting indoctrinated Americans. They also have supplied them with financing, bricks, and Molotov cocktails to riot and burn America to the ground.

Attorneys Colinford Mattis and Urooj Rahman charged in Molotov cocktail attack on @NYPDnews are now back in federal custody after the U.S. Court of Appeals reversed bail decision by the District Court.

Political predator-in-chief, Barack Obama, sits in the shadow of the White House directing the 30,000 propagandized members of his Organizing for Action (OfA) “resistance” movement. From his bunker he orchestrates the movements of his shock troops against America-first President Trump. OfA, Antifa, Black Lives Matter, all indoctrinated with the forty-year lie of “institutional racism” are now demanding submission to their black supremacist demands.

## Why the political predators attack the police

---

The political predators of 21<sup>st</sup> century America use the Internet for mass social engineering to foment anarchy, race riots, and submission internationally. Anarchy is never the path to peace. It is the tyrannical weapon of political predators who instigate and finance it.

There are no laws without law enforcement. The movement to defund police departments across the country is the planned, paramilitary, tactical strategy to make America totally ungovernable. Overwhelming social chaos will bring calls for a nationalized police force. Which “compassionate” radical leftist Democrats will run. And they will enforce the leftist narrative of Carter’s Department of Education and Obama’s Common Core. The goal of political predators is absolute power.

## The goal: one-world government that regulates every part of your life

---

The infrastructure for a nationalized and then internationalized police force already exists. The International Council for Local Environmental Issues (ICLEI) was formed at the United Nations in New York, September 1990. There are 600 United Nations ICLEI member cities in the United States committed to UN Agenda 21/2030 and its international directives disguised as sustainable environmental policies. United Nations Agenda 21/2030 is the unapologetic globalist movement to create an internationalized New World Order. This will come under a one-world government under the auspices of the United Nations. ICLEI has quietly moved into local governments to impose its comprehensive UN Sustainable Development policy. That policy dictates international rules for:

- Where people live,
- What they eat,
- What they drive, and
- How they heat and light apartments or houses.

## Political predators prepare to strike

---

We have arrived at the time in our history when political predators threaten the extinction of America, our sovereignty, and our constitutional freedoms. The enemies of America have aligned in common cause to defeat America-first President Donald Trump in November. The axis of political predators including leftists, Islamists, globalists, and the communist Chinese who launched the coronavirus, have aligned in common cause to extinguish America as we know her. They do not acknowledge America's right to exist.

## What will happen next

---

If the axis powers succeed and the Democrats take power in November, the infighting will immediately begin. But it will not last long. The leftists, including communist organizations Antifa and Black Lives Matter, will lose their globalist funding. They will then dissolve into a paramilitary enforcement organization similar to Hitler's brownshirts. The foolish sycophants who support leftism and the anarchy it created will be eliminated because there is no place in globalism's New World Order for agitators, including Islamic jihadis.

America must win this war at the ballot box in November while we still have the opportunity to vote.
