“We have a good military and we can take down government...” – General Wesley Clark

Conspiracies are in fact real

Throughout the book of 1 and 2 Kings, conspiracy after conspiracy took place to overthrow the powers of that time. It is, in fact, a biblical truth no one can deny (Jeremiah 11:9).

In America today, to talk of conspiracy always seems to fall on deaf ears, as if it were just a theory. And, of course, it is only a theory until it comes to pass, then it's a fact! Then those who cried “conspiracy theorists” sit back and try to figure out why no one told them. Yet, most have learned this deceptive lesson by listening to the lying CIA-media that they denounce as a bunch of corporate liars (John 8:44). How this works I do not know, it is simply the reflection of hypocrisy concerning that of the people in this country and that on a massive scale (Romans 1:18).

Little by little, the people in this country are discovering that conspiracy theories are simply conspiracies (Jeremiah 11:9), as they are also discovering that the CIA-controlled media has a history of giving cover for the conspirators themselves.

The new world order

One such case is the new world order (Revelation 17:17) in which no can any longer cast off as some sort of theory in the way that Americans have done for decades in the past.

Incrementally, and through political and media deception, conspirators are hard at work creating the American empire by conquering nation after nation under the guise of “we are being threatened again, and we must deal with them or else.” And this all at the expense of the blood of your sons and daughters.

737 military bases in 148 countries

Did you know that America has over 737 military bases in 148 countries? Can someone please show me where Americans have delegated authority to representatives to plunder and conquer other nations on the biddings of the military industrial complex, only then to put American military presence in their place?

If that is not enough evidence of what corruption in American government has been busy doing on a global scale, I have to say, that I do not know how to help you understand.

Just think, Americans are complaining of the 3000 Islamic Mosques (Foreign Military Bases) on American soil (Galatians 6:7).

None dare call it treason

America, what is happening right before your eyes is treason (Luke 22:48). It is treason against Americans, as well as unlawful invasions into foreign countries (Article 3, Section 3, US Constitution).

How many times the American government and the media have convinced Americans of some monstrous dictator in a third world country that needs be dealt with or else, because they are some sort of threat, only to find that they were the ones responsible for creating and inciting the wars from the very offset (Psalm 94:20).

Again, at length, those particular countries are then plundered of their resources while American military presence is left in control. It is called totalitarianism. Wake up!

One thing you might want to ask yourselves next time you hear the “we need to deal with them or else” you might want to ask the question, who is doing the attacking?
