

The Gates to Gehenna

 conservativenewsandviews.com/2020/06/29/accountability/science/gates-gehenna/

June 29, 2020

Gehenna, in both Judaism and Christianity, means hell.¹ Bill Gates openly admits that he is a globalist and eugenicist working toward the New World Order. He has a plan to mass vaccinate and depopulate the planet by 10% to 15%. Which may suggest to alert minds that his vaccinations will not improve life, but eliminate life. Bill Gates's Quantum Dot Vaccine will have an enzyme called Luciferace. With injection into a human, it will "mark" the person like cattle, and be trackable.² The patent application filed by Microsoft Technology Licensing, LCC, and registered on 26 March 2020, is WO/2020/060606, known as "666"³ and titled, "Cryptocurrency system using body activity data."

The Bill and Melinda Gates Foundation and its role and goal

There have always been voices aiming to abolish national sovereignty for globalism – a Master Plan for world conquest. In addition to the discernible despots, you have the self-defined intellectual elites – the enlightened ones. Their world government would guarantee protection for the submissive or unaware in exchange for their freedom and human dignity.

Bill and Melinda Gates, aided and abetted by the Obama administration, led the way in destroying public education, turning out undereducated Marxists with the Common Core curriculum.

| [Commonizing Common Core](#)

It also oversexualizes the children toward transgendering, demeaning the boys for toxic masculinity, their virility and desire to father the next generation with the anticipated result of depopulation, Gates's ultimate purpose. His foundation for depopulation, with Warren Buffet's \$30 billion donation for funds, contributes to engineering millions, perhaps billions, of human casualties and tragedies.

Discriminatory lockdowns

If the global warming panic and the gender madness failed to subdue us effectively, the coronavirus, COVID-19, fortuitously, if not purposely created to deliver the scare tactics, continues the assault. Inexperienced epidemiologists were suddenly in authority, spouting severe cautionary statements, only to change them the following week. This is an American, even a World, First to force-quarantine the healthy, using carefully manipulating behaviors. All but “necessary” businesses were shut down indefinitely, some open under strict conditions. The elite in the limelight remained well coiffed and free to conduct their own affairs.

More harm than good – by design

To the false goals of flattening the curve and bogus fatality rates, power seekers added new prohibitions. Having achieved submission, despotic governors issued additional senseless proclamations, varying in type, intensity and duration, that turned:

- Long-term care facilities into virus breeding grounds,
- Workforces into depressed unemployed,
- Some homebound into spousal abusers, and
- The desperate into suicides.

School closings may have caused irreparable damage to the children who, left on their own, would fall further behind the studious and gifted. Many businesses closed their doors forever, and major industries – travel, real estate, construction, and more – suffered serious financial effects.

Bill Gates and his mad doctor, Anthony S. Fauci

Dr. Antony Fauci, “respected” epidemiologist, immunologist, and member of Gates’s Leadership Council, issued many directives based on available data, only to modify them later, with the media adding to the hysteria. Dr. Stephen M. Smith, a widely respected infectious disease specialist, called hydroxychloroquine (HCQ) a “game changer,” a safe, effective treatment for COVID-19. The FDA had ruled it safe for the last half-century. In April, a poll of 62,000 physicians in 30 countries found HCQ to be the best drug available to treat this virus – used in conjunction with azithromycin, zinc and Vitamin D. But Fauci endorsed remdesivir, a failing antiviral drug having significantly higher mortality rates (5%), but also a significantly higher profit margin.

The naysayer publishes clear contrary evidence

Peter R. Breggin, MD, has now published his findings, “Fauci’s Remdesivir: Inadequate to Treat COVID-19 and Potentially Lethal.” Adverse reactions may include lung damage – respiratory failure or acute respiratory distress syndrome. Five percent of patients develop

a life-threatening decline in condition. Fauci clandestinely ended a double-blind clinical trial “to let the placebo group know so they can have access to remdesivir.” However, since the drug:

- Was not saving lives,
- Had serious effects from earlier trials, and
- Had disappointing and controversial results,

“Fauci may have needlessly endangered the lives of the placebo patients by unleashing remdesivir upon them.” Fauci’s research is considered worthless, “except to raise serious doubts about the drug’s hidden safety profile.” Lancet reported the drug’s potential increased damage to the lungs.

Fauci changes definitions

Through the duration of the trial, Fauci must have realized that his drug was not going to reduce the mortality rate or even lead to complete recovery. When success criteria were dropped, the primary marker became “time to recovery.” Fauci then “reinvented the concept of recovery” to include patients who remain hospitalized or at home, requiring oxygen and needing to limit their activities – to get his desired results. We further learn that of Fauci’s 50 committee members who set treatment guidelines, nine had financial ties to Giliad, manufacturer of remdesivir, the drug Fauci is peddling. The FDA removed the less profitable HCQ as an option with no verifiable statistics; remdesivir is in use today.

The corrupt Veterans Administration study claimed to show HCQ useless and dangerous. The media ridiculed President Trump’s treatment of hydroxychloroquine. But frontline physicians around the world contend their studies have shown it to be an “astonishingly effective ... miracle drug!”

The public fear redounds to the Gate goal

Inaccurate “statistics,” the lockdowns and job losses to ruin the economy, made many people fearful. So much so that it triggered neuroses, obsessive behavior, anger and cruelty. Face masks are still a requirement, although Dr. Fauci admitted their purpose was primarily for psychological reassurance. For some they cause anxiety, PTSD, claustrophobia, and exacerbate asthma, headaches, and respiratory issues. The masks and media perpetuate the fear, keep the public eager for vaccinations, and prevent specific rallies and in-person voting. The public is in limbo, their lives on hold, eagerly awaiting a “blessed” vaccination.

Bill Gates, his elite allies, and his desperate foot soldiers

The millions of out-of-school students and lockdown-unemployed are free to:

- Become Bill Gates's willing army of contact tracers for an illusion of safety, and
- Ensure that his vaccinations are implemented according to his plan.

To what end? To:

- Collect data and encourage people to tattle on others,
- Keep the public vulnerable and acquiescent while demanding his vaccine of choice for the trillion-dollar industry, as well as to:
- Destroy our America for the One World the elites covet.

The globalist crème include:

- Bill and Melinda Gates,
- The Soros foundations,
- Hillary Clinton,
- The Rockefeller Foundation,
- Carnegie Corp.,
- The Ford Foundation,
- Warren Buffet, and
- 150 mainstream media outlets.

The immunity passport

The International Air Transport Association (IATA), representing 299 airlines, is the prime promoter of a global ID tracking system – contract tracing for an “Immunity Passport” for the right to travel. Sold as necessary for “the common good,” the passport is already operating in some states by the 13.5 IOS update on the iphone. Gates's control reaches wealth, policies, priorities, population, health, narratives, minds, land, industries, the rights to movement and our future. He is involved with everything, and he is willing to risk other people's lives.

How Bill Gates exerts his control and wants more

Easy Plugin for AdSense by Unreal

As noted investigative journalists Corey's Digs report, the WHO, UN and Gates control:

- The media;
- The healthcare and vaccine industries;
- Climate change hoax, with 200 billionaires who would also like to rule the world;
- Geoengineering population control;
- Tourism in islands known for drugs and human trafficking;
- Investments in lab-grown meat;
- Labor and sex trafficking in Africa;

- Population control through abortion and transgenderism;
- Eugenics, carrying out experimentation on humans, and population databases; and
- Contact tracing, a multiple-state surveillance program on Americans.

Bill Gates intends to control global population based on their immunity, as verified by the “digital certificate.” The \$3 trillion coronavirus package submitted to Congress includes \$75 billion for Nancy Pelosi’s COVID19 testing, tracing and isolation program. Which is being marketed to governors across the country and already underway in Massachusetts.

About that contact tracing

Contact tracing, whose structure already exists for Partners in Health (PIH), with Chelsea Clinton on the board of trustees, has been well funded by Bill Gates. The program:

- Is designed to investigate one’s personal life,
- Includes quarantine camps and mandatory masks in public despite Dr. Fauci’s admission (above), and
- Provides mobile units (contact tracing armies) that will seize and isolate anyone who tests positive.

The supporting programs:

- Already exist in Massachusetts, New Jersey, Ohio, and North Carolina;
- Are under discussion in California, Minnesota, and Maryland; and
- Are planned for the rest of the world.

They judge President Trump a “national security risk” because Trump was going to “unravel vital ties across the Asia-Pacific region.” I take that to mean an impediment to Gates’s vaccination plans.

Where contact tracing now takes place

The contact tracing has begun. Washington state forces restaurants to keep daily logs of their customers – name, address, phone number, time of arrival. Indiana is outsourcing their tracing to Maximus, a 500-people staff at a cost of \$43 million a year. California’s Governor Newsom has mandated masking and building a tracing army, a volunteer corps of 10,000. Michigan’s Governor Whitmer has already recruited 2,000 volunteer tracers. Tennessee has been housing the homeless during the pandemic, a forced quarantine. Wisconsin’s Supreme Court struck down the stay-at-home order and seizure of power, which would have had citizens detained and confined without benefit of trial.

How Gates hopes to expand his control

Gates hopes to implement digital certificates, to obtain everyone's virus and vaccination histories. He wants a "national tracking system," a human "barcode," to determine the person's health, vaccination identity and status. He assures us that this is merely for safety and convenience. That is, until it's not, when he may desire the information's value for other reasons, against our human and civil rights.

Bill Gates extends his unlimited wealth and reach far beyond travel, for credit, purchases, job opportunities, healthcare access. Lacking credentials, he transformed his self-image from software magnate into a visionary capable of defining the health of billions of people around the globe. As The Corbett Report notes, the Gates Foundation has spent tens of millions of dollars per year on media partnerships. The purpose: to boost his new image and his connections with global alliances and big pharmaceutical companies. This will earn him profits in the billions.

Gates helped to create:

- Gavi, the Vaccine Alliance;
- The Global Fund to Fight AIDS, Tuberculosis and Malaria;
- Programs ostensibly to control ten tropical diseases;
- The Global Financing Facility for Women, Children and Adolescents;
- Coalition for Epidemic Preparedness Innovations;
- World Health Organization;
- National Institute of Health;
- National Institute of Allergy and Infectious Diseases,
- Johns Hopkins Center for Health Security,
- And more, including their pledge to "fight" coronavirus, with Dr. Gauci as representative.

His "philanthropy" of investing his Microsoft stock into his foundation, during the Decade of Vaccines, doubled to \$103.1 billion; philanthropy becomes revenue.

Gates leveraging his accolades to more control – and immunity from prosecution

The accolades Gates received for vaccines the world over led to:

- Enormous profits for Big Pharma companies,
- Greater control for the Gates Foundation over global health, and
- Greater power for Bill Gates over the planet's population.

He persuades that we cannot return to normal until there's a vaccine for all. Yet he acknowledges the risks:

- The paralysis of 40 to 500 children, and
- The paralysis of 490,000+ in India from the oral polio vaccines given between 2000 and 2017.

Therefore, he wants advance legal immunity for the pharma companies. He continues to threaten our freedoms with impending doom in order to market his untested, experimental vaccinations to everyone on the planet.

Tragedy would be the undeniable result

Robert F. Kennedy Jr. announced 20% of human test subjects were severely injured from Gates-Fauci coronavirus vaccines by Moderna. Fauci was so confident that he waived ferret and primate studies. So 15 human guinea pigs suffered a serious adverse event within 43 days of receiving Moderna's injections. A vaccine with those reaction rates could cause grave injuries in 1.5 billion humans if "every person on earth" receives it. Corey's Digs assures that money is not the end goal of Gates's "philanthropic" activities. It is also not control of only the health industry, but of the human population itself.

Editor’s Notes

1 During the time of Christ’s Public Ministry, Jerusalem threw its garbage onto a municipal bonfire that never went out. The people called this bonfire Gehenna. Jesus used that name as an apt metaphor for hell.

2 In predicting such a regime, St. John of Jerusalem used the Greek word *charagma*, which means a cattle brand stamp.

3 The original Greek symbol consisted of the letters chi, xi, and stigma—which is the letter sigma at the end of a word. The Greeks used letters of their alphabet to stand in for numerals, as did the Hebrews. The numerical value of a letter depends on its position in the alphabet. The stigma form appears sixth in order, between epsilon and zeta. As an initialism instead of a number, chi-xi-stigma could stand for *Christos, Xulon, Stauros*—Christ on a wooden cross. Which suggests to an alert mind that whoever uses that symbol. presumes to stand in for Jesus Christ Himself.
