“Racist” is a made up word by Russian Revolutionary Leon Trotsky in 1927. It’s a word used to browbeat all dissenters of the communist ideology.

Typical browbeat words

Over and over again today, we hear the use of words such as homophobia, Islamophobia, haters, bullies, racists, etc. all coming from those who don’t carry the shield to protect themselves in defense with the law on their side, but rather the spear to attack anyone and everyone that does not tolerate and comply with their lawlessness and treason.

First, it was the sodomites that were used as a political battering ram. Since the American people have now accepted that which God and American law have clearly condemned, you now have the Muslims (Judges 2:14) who are being used as a political battering ram.

Seventeen years ago, I warned that the Muslims were on the heels of the sodomite communities in an attempt to upend America’s sovereignty (Leviticus 18:22; 20:13; Romans 1:24).

Browbeat campaign candidates

On May 14th, it was reported that a Michigan gubernatorial candidate was called out on his Muslim Brotherhood ties, and cried “racism” & “Islamophobia.”

Abdul El-Sayed is running to be the first Muslim Governor in the 2018 elections in an attempt to turn all of Michigan into Dearborn. When confronted with the facts during a debate for the gubernatorial position in Michigan. what did he resort to?

“Racism” (Since when did Islam become a race?) and “Islamophobia.” This is the same way any other ignorant minded individual would act, use totalitarian methods and try to accuse your enemies of that which you are guilty. Are you tired of this yet, America?

P.S. It was also reported that in Massachusetts: [Hamas-Linked CAIR Official With Ties To Jihad Terror Group Running As Democrat For Congress](#)

As well, Minnesota Somali Muslim, Ilhan Omar, went from refugee to community organizer to state legislator representing Minneapolis. Now she’s pushing for laws that favor Islamic terrorists.

The Gateway Pundit reports,

Omar has been on our radar here at TGP for quite a while. We reported on her **immigration fraud where she married her brother** in order to help him gain entry to a U.S. university. We also reported on her getting sworn in on a **giant Quran** instead of a Holy Bible after getting elected to state legislator in Minnesota.

Now Omar is voting in favor of terrorists. Should we be surprised?

Not at all!

Exposing the methods

Nor should you be surprised when they continuously attempt to browbeat those who do not fall into line with their dangerous and illegal ideologies. At least know the method and expose their intents. There is no other way to put a stop to the end that you know that they have in mind.
