

Vaccination and Domination

Billionaire Bill Gates, co-founder of Microsoft Corp., has the reputation of entrepreneur, normal guy, and Potential Savior of the World. Gates's raison d'être, however, is his father's globalism, to have one world under one master. He further believes most humans are superfluous "reckless breeders," the concept behind Planned Parenthood, which Melinda Gates supports. He believes in Lebensunwertes Lebens, life unworthy of life. I chose this term judiciously to reflect the Gateses' eugenicist ideology of population control.

The totalitarian and eugenicist legacy of the Gates family

The family legacy is domination and control of the world's systems, including technology, medicine, and agriculture. The Bill and Melinda Gates Foundation has provided unbidden contraception to 120 million women across the globe. This is social engineering and authoritarian eugenicist thinking. The basic premise is that it is easier to eliminate the poor and suffering than it is to eliminate the sources of poverty and suffering. Click [here](#) for more on the notorious Gates family.

An earlier Bill Gates special: Common Core

Many have written much about Common Core, the nationalization of American schools. The Obama administration, the United Nations, Bill Gates, and others forced this nationalization for globalized education. And it has caused our academic disintegration.

It intentionally reduced children's reading skills, made their math proficiency scores worst internationally, discouraged their creativity, and degenerated overall achievement. Furthermore it robbed children of their pride in country, supplanted their individuality with a tribal mentality, and exposed the very young to myriad sexual activities. The essence of their femininity and masculinity is under constant attack. This adds to depression and

seriously increased incidence of suicide – an end to family life – population reduction. And where G-d and religion have been disparaged and removed from daily life, Gates seized the reins. The schools are collecting unprecedented data from the students for the total regimentation of human society. All this has a link to the globalist UN Agenda 21.

Admitted to failure ... or avowing?

Bill Gates has admitted to his failed educational experiment, but he has never altered his underlying goals. He is undeterred from pursuing another treacherous scheme with impunity. Not only has he new ideas for the next student generation, which academics already rated inferior; he has assumed a leading role in the coronavirus pandemic, with the ultimate goal of enforced vaccinations with properties that result in sterilization.

A man with no medical background pushes vaccination

The Gates Foundation funds international consortia that influence vaccination policies and disseminate propaganda. Remember: Gates lacks medical background and expertise. The effort to replace President Trump and capitalism with a new global economy and humanism has the support of the Vatican, George Soros, and Jeffrey Sachs, American economist and special adviser to UN Secretary-General Antonio Guterres on the Sustainable Development Goals. They plan to ensure population control through universal sexual and reproductive “healthcare,” family planning, abortions, gay marriage and sterilization. The globalists are conducting a clandestine war, using misinformation and subterfuge to attain their goals.

Grand vaccination failures: polio...

Robert F. Kennedy Jr., chairman, Children’s Health Defense, nailed it in his article, “Gates’ Globalist Vaccine Agenda: A Win-Win for Pharma and Mandatory Vaccination,” dated April 9, 2020. “Gates has many vaccine-related enterprises that give him dictatorial control over global health, all geared to increase pharmaceutical companies’ profits.” (And reduce human life.) Funding \$450 million alleged to eradicate polio in India enabled experimentation on 490,000 children. As a result, those children developed a disabling Non-Polio Acute Flaccid Paralysis. The Indian government expelled him and his vaccine program.

...and HIV

India’s Supreme Court is suing the Foundation for ethical violations for their 2009 experimentation with HIV vaccines on 23,000 young girls. 1,200 of them suffered severe side effects and seven died – poor health decreases population. Gates has never acknowledged

or apologized for his wrongdoing. And he continues to sow pain and death with his pseudo-scientific pursuits, with encouragement by pharmaceutical corporations.

Crimes against humanity

Italian Parliamentarian, Sara Cunial, accused Bill Gates of:

- Sterilizing millions of women in Africa,
- Paralyzing hundreds of thousands of children in India,
- Causing the coronavirus lockdown and isolation, and
- Violating people's free will and sovereignty.

She demanded his arrest for crimes against humanity.

The African vaccination campaign

In 2002, The Gates MenAfriVac campaign forcibly vaccinated thousands of African children, presumably against meningitis. The treatment left at least 40 of the 500 children paralyzed and suffering hallucinations and convulsions. In 2010, the foundation funded a malaria vaccine trial on 5,949 children, ages 5-17 months. 151 African infants died and 1,048 had serious side effects. A 2017 study showed that 500 African children received the DTP vaccine, and 50 of them developed paralysis. Doctors report many such experiments as failures. But perhaps the globalist-eugenicist considers them successes.

In Bangladesh, a precursor to a vaccination and identification regimen

With his self-proclaimed vision of saving the world, Gates is collaborating with the government of Bangladesh to establish a means whereby all who are vaccinated are free to return to an active world, their private information held by the globalists; but those who are not immune to disease are penalized, ostracized from society. Bangladesh is hardly technologically equal to an enormously wealthy globalist with authoritarian tendencies. The end game of Gates's vaccination plan is total power over population size. More than immunity, "the infamous ID2020" is an electronic identification program using vaccination as a platform for digital identity. With his history, and the full support of the UN and civil society, it could carry elements destructive to health and the reproductive system.

And in Austin, Texas

Closer to home, Gates is partnering with the City of Austin (Texas), working with their vulnerable homeless and 3,000 refugees from the International Rescue Committee in Thailand who are receiving treatment for chronic conditions. They fall outside the purview

of America's regulations over ethical and safe procedures, and are prey to the [ID2020 experimentation](#).

A global vaccination plan

[Easy Plugin for AdSense by Unreal](#)

The [Global Vaccine Action Plan](#) (announced in 2010) was the discovery, development and delivery of lifesaving vaccines to the most vulnerable populations in the poorest countries. This has the agreement of:

- The World Health Organization (WHO),
- UNICEF,
- National Institute of Allergy and Infectious Diseases (Dr. Anthony Fauci, director),
- George Soros,
- David Rockefeller,
- Dr. Deborah Birx,
- Bill Gates's father, and
- The Bill and Melinda Gates Foundation.

Globalists all, they would conspire to peddle vaccines worldwide. How does one define "lifesaving" when the purpose is population reduction and siphoning riches into the globalists' coffers?

Why not hydroxychloroquine?

Consider Hydroxychloroquine (HCQ), which has been used in high dosage on millions of patients worldwide since its FDA approval in 1934 and 1955, with an excellent success rate. [Dr. Vladimir Zelenko](#) used HCQ with Azithromycin, a \$20 treatment, on 669 patients. He reported a 100 percent success rate, with breathing restored within 3 to 4 hours. When eighty patients and staff members came down with the Coronavirus at a [Texas nursing home](#), they received HCQ treatment. All but one patient survived. (Patients were debilitated from other conditions). Why are Dr. Fauci and Dr. Birx reluctant to admit that an inexpensive drug is successful? Why do they advocate instead for something with the potential of generating enormous wealth for the patent holders?

An effective prophylaxis

Dr. Elizabeth Lee Vliet, woman's health specialist, revealed that healthcare workers in several countries use HCQ [prophylactically](#) on infected patients. This negates the need for expensive preventive vaccinations. Where HCQ is used worldwide, there is a high patient success rate. Before this pandemic, "the WHO ranked HCQ as among the safest and most

effective medicines in our arsenal!" The media's unprecedented fear mongering is against common sense. Except that globalists may be testing and preparing for more fears and greater acquiescence. Furthermore, HCQ's replacement will produce greater profits.

Misreporting (over-reporting) of virus deaths

Despite obvious HCQ successes reported, Dr. Fauci repeatedly urged extreme caution, until he had to walk back his skepticism. He would rather wait months or years to develop another vaccine or recommend Remdesivir. That costs \$4,460 per ten-day course of medication, with a mere 52% success rate, but of greater financial gain to hospitals. Project Veritas investigated New York's higher illness and death statistics. They reported that physicians were told to write COVID as cause of death even if it was the secondary condition. Such protocols yield Big Pharma more federal dollars, and Bill Gates had already begun discussing his mandatory digital-tracking implants. The power and freedom of the individual is relentlessly being leeched into the globalists' camp.

Defending the over-reporting

Dr. Deborah L. Birx, American physician and diplomat, serves as the Coronavirus response coordinator for the White House. She explained that whenever someone dies of any cause but also has COVID19, cause of death must be listed as COVID19. This overruled many doctors' objections. This deceptive tactic, combined with quarantine, will have fearful people begging for Gates's vaccinations.

An earlier experience with Anthony Fauci: scientific plagiarism...

Judy Mikovits, PhD, virologist, has clarified that people do not die WITH, but FROM, an infection. The deceptive death certificates are financially beneficial to hospitals. She exposed Dr. Fauci and President Obama as the chief financiers and benefactors of Wuhan's labs (as Mayor Giuliani confirmed). The virus was lab-manipulated. Fauci had unethically appropriated Mikovits's work, delayed testing her findings, thereby killing millions of HIV victims since 1984. Dr. Fauci has become the trusted voice of medical wisdom; he merits close examination.

...and suppression of a side effect of vaccination

In 2006, Mikovits co-founded and developed the first neuroimmune disease, Chronic Fatigue Syndrome, originally dismissed as feminine hypochondria. She later discovered that vaccines were being tested on mouse brains, and were uncontrollably contagious. This

caused an alarming national health crisis, including cancers and women having children with Autism Spectrum Disorders. Fauci silenced her and confiscated her computers and notebooks. He abused his power, misused his office, and removed her funding. This resulted in hundreds of millions of Americans' inoculation with the injurious vaccines.

Expensive “therapy” taking precedence over the inexpensive

Dr. Mikovits says Hydroxychloroquine, used with azithromycin, has proven to cure coronavirus victims at ~50 cents per treatment. But this regimen came under attack from the manufacturer of a competing, higher priced drug, Remdesevir. President Trump recommends HCQ to help victims immediately, which Dr. Fauci strongly opposes and recommends Remdesevir. Gilead Sciences holds the patent. Gilead, George Soros and Unitaid are working to penetrate China's closed pharmaceutical market for enormous royalties.

Leo Hohmann reminds us that the compliance of governors, mayors, church leaders, the richest foundations, and leftist mainstream media, have censored those who would speak against the damage to our air traffic system, automobile traffic, food chain, healthcare system, school system, our once-bustling cities – the foundation of our entire society. Bill Gates and his corrupt associates at the United Nations – World Health Organization medical-industrial complex are responsible. They engineered the Great Panic of 2020.

No turning back

If all the previous information doesn't alarm, consider this. Once we accept the enforced vaccination, the slide into population enslavement will be precipitous and impossible to reverse. It is becoming more evident that vaccinations are being linked to identification in order to constrain and control human activity. People who comply with the digital implants can get financing, secure jobs, purchase products, participate in democracy, etc.. Those who do not will be pariahs of the state, which will rescind their freedoms. Thus, the globalist elite will subjugate world population. Too many in authority are already wilting before the globalists. They in turn are making the most of this crisis to further their agenda.

The damage to the health of countless thousands has been a crime against humanity. But the proposed ownership of millions by a few wealthy, influential people will be a crime against heaven. Humanity must not permit this, ever.
